Portfolio: bouassidachayma.netlify.app

OBJECTIVE

Seeking a summer internship (stage de formation) in software development, web/mobile applications, or information systems, to apply skills acquired during my 2nd year of Software Engineering.

EDUCATION

2025 – Present	2nd Year — Software Engineering & Information Systems Faculté des Sciences de Sfax
2025	Summer Academy — web development GOMYCODE
2022 – 2025	Preparatory Classes for Engineering Schools (CPGE) — MP Track Faculté des Sciences de Sfax

PROJECTS

Business Casual – Personalized Meal Platform (2026)

- Web platform that generates custom meal plans based on user health profile, goals, allergies, and dietary needs.
- **Tech stack:** React, Node.js, MongoDB, Tailwind CSS (or your actual stack).
- **My role:** Frontend Developer & UI/UX Designer – built the entire user interface, smooth navigation, and optimized user experience.
- Integrated intelligent recommendations and a nutrition chatbot.

Smart Diet Planner (2026)

- Java EE web app that generates personalized 7-day meal plans.
- Users input profile, health conditions, allergies; system queries a MySQL database of 46 meals and filters accordingly.
- Features animated UI, calorie progress bars, nutrition chatbot, and full authentication (login/register with session filter).
- **Tech stack:** Servlets, JSP, JSTL, JDBC, MySQL, HTML/CSS/JS.

Smart Workout Builder (2026)

- Java EE fitness planner that builds a weekly workout split based on goal, level, equipment, and injuries.
- Dynamically selects exercises from a database, displays daily volume intensity bars, and includes a coach chatbot.
- **Tech stack:** Servlets, JSP, JDBC, MySQL, CSS Grid, session filter.

TECHNICAL SKILLS

Languages	C, Java, Python
Web & Databases	HTML, CSS, JavaScript, PHP, SQL, SQLite
Tools & IDEs	VS Code, Eclipse IDE for Enterprise Java and Web Developers (JEE), Android Studio

LANGUAGES

Arabic Native language

English Advanced

French Intermediate

ENGAGEMENT & ACTIVITIES

IEEE Student Branch Member

Participation in activities and events of the IEEE student section within the institution.

SOFT SKILLS

Rigor · Intellectual curiosity · Fast learner · Team player
